**Assault Weapons (HB 1465):** Bans possession assault weapons / high capacity magazines by anyone younger than 21. Creates an affirmative defense to a charge for the unlawful possession of assault weapon, assault weapon attachment, .50 caliber rifle, or .50 caliber cartridge (but not magazines) by a person who is under 21 years of age if certain circumstances are present.

- possession before the law goes into effect;
- possession while with someone over 21 with a FOID card;
- the assault weapon, attachment, .50 caliber rifle or cartridge is in a vehicle owned by someone over 21 with a FOID card; or
- the assault weapon, etc. is in a residence owned by someone over 21 with a FOID card.

This is a defense to a charge that must be proven at trial. This is not an exception to the offense.

**Supportive Living Facility (HB 4223):** Authorizes Supportive Living Facility Certification to Include Consideration for a Mixed Use Facility. Needed for the continuation of a project currently underway that would re-purpose the former Ravenswood Hospital into a Supportive Living Facility with an independent living facility.

**School Funding Formula (HB 5812):** Makes changes to the Evidence-Based Funding Model, Property Tax Relief Pool Grants program and repeals Section 18-8.05 of the School Code, which contains the old General State Aid school funding formula. All of these changes are requested by the State Board of Education. This is the second trailer bill to Senate Bill 1947 (P.A. 100-465), the newly enacted (August) school funding reform legislation.
